# **THE FLIP BOOK** *for summer exploration*

## **How to use this guide**

Here at Southern we prize summer as a time to decompress after another strong academic year. The pace of life gets slower and allows for a lot of time with family and friends. We created this guide to help you make the most of your summer – whether you're downloading a new app, reading a book, or hanging out with your family. Our hope is that this resource is a tool you can use this summer.
