

The CENTER for **STUDENT SUCCESS**

COVID-19 Resource Page

We know this is a scary and uncertain time for everyone. Therefore, we created this page as a resource for our students as we navigate through COVID-19. We will try and update it with new information as it becomes available. Remember to be patient with yourself, professors, and administration as we all navigate through this difficult time. We are all trying to figure things out and it will take time for everyone.

We are praying for you and your family during this grievous time. God is sovereign over all that is happening and He was not caught off guard by this virus. He is our Shepherd and is walking with us through this dark valley. Please reach out to our Center for Student Success office if you need anything by emailing us at academicadvising@sbts.edu.
